3. **[Updated]** Learning and development

In partnership with parents, the school will promote the learning and development of children to ensure they learn and develop well, are kept healthy and safe and have the knowledge and skills they need to start school.

Curriculum planning

Provision and practice within the early years will be centred around the requirements of the DfE's 'Statutory framework for the early years foundation stage'.

The EYFS framework outlines seven areas of learning and development that must shape educational programmes in the early years. These are categorised as 'prime areas' and 'specific areas'.

Prime areas – defined as the areas that are particularly important for building a curiosity and enthusiasm

- Communication and language
- Physical development
- Personal, social, and emotional development

Specific areas – defined as the areas through which the prime areas are strengthened and applied:

- Literacy
- Mathematics
- Understanding the world
- Expressive art and design

The school will plan and provide educational programmes that involve activities and experiences for children as set out under each of the seven areas of learning.

When planning the early years curriculum, practitioners will:

- Consider the individual needs, interests, and development of each child in their care, and use this information to plan a challenging and enjoyable experience for each child in all areas of learning and development.

- Stimulate children's interests, responding to each child's emerging needs and guiding their development through warm, positive interactions coupled with secure routines for play and learning.
- Reflect on the different rates at which children are developing and adjust their practice appropriately.

If a child's progress in any prime area gives cause for concern, practitioners will discuss this with the child's parents and agree how to support the child. Staff will also consider whether a child may have a special educational need or disability which requires specialist support.

For children whose home language is not English, practitioners will:

- Take reasonable steps to provide opportunities for children to develop and use their home language in play and learning, supporting their language development at home.
- Ensure that children have sufficient opportunities to learn and reach a good standard in English language during the EYFS, ensuring children are ready to benefit from the opportunities available to them when they begin Year 1.

In organising and implementing educational programmes, the school will ensure that a broad range of activities and experiences are planned, having regard to the three characteristics of effective teaching and learning in the EYFS:

- Playing and exploring
- Active learning
- Creating and thinking critically

All staff members will have due regard to the learning and development requirements as set out in the school's Early Years Teaching and Learning Policy. 4

4. Assessment

Assessment plays an important part in helping the school to recognise children's progress, understand their needs, plan activities, and assess the need for support.

In line with statutory requirements, the school will undertake a summative assessment of each child's development at certain stages. These are:

- Reception Baseline Assessment – a short assessment which is taken within the first six weeks of a child starting Reception, regardless of what time of the year this occurs.
- The EYFS Profile – a comprehensive assessment completed at the end of the EYFS to provide a well-rounded picture of a child's knowledge, understanding and abilities, attainment against the early learning goals (ELGs), and their readiness for Year 1.

Ongoing formative assessments will be used to assess the day-to-day learning and development of children in the EYFS. Practitioners will interact and observe children to understand their interests and learning needs and will use this information to inform practice and provision for each child.

Parents will be kept up-to-date with their child's progress and development, and the EYFS lead will address any learning and development needs in partnership with parents.

The school will ensure that teachers actively engage children, their parents and other adults who have significant interaction with specific children in the assessment processes to provide a well-rounded picture of their development and attainment.

When undertaking assessment activities, all staff members will have due regard to the school's Assessment procedures and any advice from the LA, and the 'Early Years Foundation Stage Profile Handbook' and the 'Assessment and Reporting Arrangements' (ARA) for that year.

5. Inclusion

All children will be valued as individuals irrespective of their ethnicity, culture, religion, home language, background, ability or gender. Our Equalities policy and procedures will ensure that the needs of all children are met, regardless of any protected characteristics they have.

The EYFS curriculum will be planned in order to meet the needs of the individual child and support them at their own pace.

The Special Educational Needs and Disabilities (SEND) Policy will ensure all children receive the support they need and are given the best learning experience possible. SEND in the EYFS setting will be monitored and managed by the school's SENCO.

6. The learning environment

The school recognises that the physical and emotional environment play an important role in supporting, enabling, and extending pupils' learning and development.

The school will provide a safe and stimulating environment that values active learning, exploration, and play, where children feel free to create, make links and develop critical thinking skills.

Early years practitioners will ensure that learning environments are well-organised and suitable for group, individual and whole class learning, with interactive displays and easily accessible resources utilised to encourage independence.

At all times, children will have access to indoor and outdoor learning environments. Staff will plan provision to ensure that there are a range of learning opportunities available, and that the learning opportunities available in the outdoor environment build on and develop those inside.

Independent learning will be encouraged through planned continuous provision where children can make their own selection from a variety of resourced areas, including:

- creative, construction, gross motor skills and fine motor skills areas, amongst others

Staff will support children to navigate and access the learning environment, intervening and interacting where necessary to ensure that all learning opportunities and teaching moments are captured and capitalised upon.

Appropriate and stimulating educational visits and visitors, from both within and outside of the local community, will be arranged to further expand children's learning experiences.

14. Transition

[NEW] Admission to EYFS.

During the late spring term and early summer term the EYFS lead will begin to make contact with nurseries once the school knows which children will be starting at MHI in the following Autumn.

Efforts are made to consider the needs and backgrounds of all children due to join the school. Families are welcomed to meet us and learn about the school in more detail

A transition schedule of Stay and Play/ Stay and Picnic is arranged. MHI class teachers visit our feeder nursery - Moss Hall Nursery to learn about individual children. Where children have additional learning or welfare needs the SENDco may visit the child's nursery or invite the parent/ carers to visit school.

The EYFS lead will then arrange class groups and September start dates - which are staggered across the first and second full week of September. All children start with a full day at school.

The Criteria for Class grouping and allocating a start date

- Age / DOB - Autumn, Spring, Summer
- New to country with no nursery experience
- New to to country with nursery experience
- Special Educational Needs - EHCP
- Special Educational Needs - other e.g. Speech and Language
- Gender
- Knowledge given by nursery or parents regarding very helpful / difficult peer relationships that do / do not support settling in process/ child's progress / ability to build other relationships etc.
- Children who are the only ones coming from their nursery setting
- Children coming from childminders
- Gender - balancing it across the classes and where possible with start dates
- Siblings in school (In the past children with siblings have started at the beginning but that has created an imbalance because most of these children know the school and are more ready than others. So we allocate on a case by case basis - based on what I know we know about the family circumstances)

[NEW] The following process will be in place to ensure children's successful transition to Year 1:

- During the Summer 2 term, the children will visit their Year 1 classrooms. The first visits will be with their current Year Reception teacher and support staff. Their final visit to their new class will be to meet their new Year 1 Teacher.
- In the Summer term, Reception and Year 1 staff will meet to discuss each child's development in order to support a smooth transition to Year 1.
- Parents will be invited to a 'Meet the New Year 1 Teacher', at the start of the Autumn 1 term, to ensure they know about school procedures and to voice any concerns they may wish to express.
